on Child Abuse and Neglect**

SUBSTANCE ABUSE AND THE FAMILY

Prevention, Assessment & Treatment

November 13-14, 1989

**At the Towsley Center
Ann Arbor, Michigan**

Program Content and Objectives

For eight years, the Michigan Statewide Conference on Child Abuse and Neglect has been bringing professionals together to share up-to-the-minute information and to provide a forum for exchange of knowledge in the challenging field of child abuse and neglect.

This year's conference focuses on the link between substance abuse and child abuse. Information on prevention as well as assessment, intervention and treatment will be presented. One of our featured speakers will be Dr. Ira Chasnoff, a nationally known expert on perinatal cocaine use.

We hope that you will benefit not only from the information shared by conference speakers, but also from sharing your own experiences with your colleagues.
