

Self-Reflection...

My Worldview, My Cultural Script

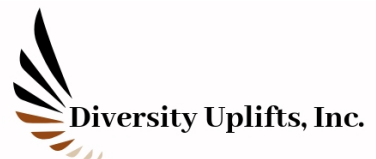

Instructions: Identify your primary influences and secondary influences.

Reactions to Implicit Bias Video

Discuss the following:

- How you felt watching the video?
- How does one's cultural/learned perspective influence how they might have reacted in the scenarios?
- Identify/list the types of biases you observed.

Types of Bias

Ethnocentrism

- Belief that one's own culture is the norm, evaluating other cultures based on your culture's values, standards, norms.

Bigotry

- Very strong opinions/beliefs on matters of religion, politics, ethnicity, sexual orientation; refusal to accept differing views.

Chauvinism

- Belief in the superiority of one's own gender, group, or kind.

Ableism

- Discrimination or prejudice against individuals with disabilities

Sizeism

- Discrimination or prejudice directed against people because of their size and especially because of their weight

Ageism

- Prejudice or discrimination against a particular age-group and especially the elderly

Heterosexism

- An ideological system which believes that heterosexuality is the "normal" sexual orientation

Homophobia

- An irrational fear of or aversion to homosexual individuals and lifestyles.

Halo Effect

- Allowing your judgment to be influenced by a particular trait (either positive or negative)

Affinity Bias

- The preference for those similar to ourselves or those perceived as part of our 'in-group'

Confirmation Bias

- When people tend to favor information that confirms their already established beliefs
